"Made In California"

Our Commitment to YOU

LEDCONN has opened the new **California production** for the edge-lit lighting solutions. Your favorite light panels and light boxes are now made locally in California for time sensitive and **expedited** orders! Contact us now and let us speed up those timelines for you!

Enjoy:

- Fast turnaround time for prototyping and small quantities
- Ability to meet stringent dock dates for time sensitive projects
- Reduce transit time and shipping costs
- Fully built production line to allocate the highest performance
- Supporter of "Buy America Act"
