## CREATIVE WORLD

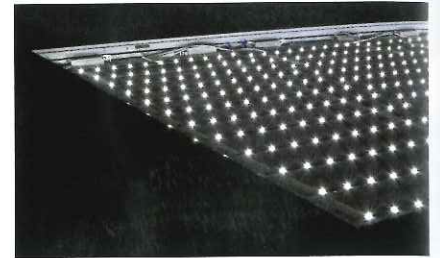

Testrite Visual Products has introduced Metal Shelf Talkers, which are available as both Top Loading and Side Loading units. The units are fabricated of durable steel and electrically welded. They are Matte Black Powder Coated to draw attention to shelf graphics. They are offered in different sizes to accommodate various shelf signage needs. For more informa-

tion, contact Testrite Visual Products, 216 South Newman Street, Hackensack, NJ 07601; [www.testrite.com](http://www.testrite.com).

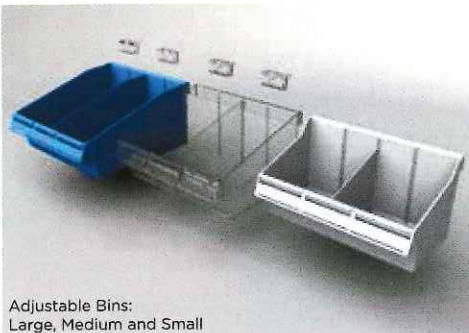

Leading Augmented Reality hologram company VNTANA, and Satisfi Labs have launched the first artificial intelligence hologram concierge for retail and hospitality. The hologram responds to consumers' questions without the need for wearables or a touchscreen device while collecting data on the consumer. The hologram concierge is powered by VNTANA's patented hardware and software that projects an interactive 3D persona who answers questions based on Satisfi Labs' custom AI. The concierge can welcome shoppers into a store, highlight deals,

and direct shoppers to what they are looking for. For more information, visit [www.vntana.com](http://www.vntana.com) or [www.satisfilabs.com](http://www.satisfilabs.com).

LEDCONN has introduced LUXMESH LED lattice lighting, its newest grand format backlighting solution. LUXMESH Lattice LED lighting provides large-scale even backlighting for retail, interior design, architectural, and fabric light box applications. Available in three roll widths and easily installed 3"- 5" from an illuminated surface, this innovation features great brightness measured at a remarkable 800+ lm/ft<sup>2</sup> and an optical lens with a wide beam angle of 160°. For more information, contact 301 Thor Place, Brea, CA 92821; (Tel) 714-256-2111; (Web Site) [www.ledconn.com](http://www.ledconn.com).

## New MULTI-PURPOSE ADJUSTABLE BINS & TRAYS

Adjustable Bins:  
Large, Medium and Small

**Our Multi-Purpose Adjustable Bins and Trays are designed for showcasing retail products.**

They can be hung from pegboard, wire or slatwall and shelf-mounted using pushpins. They also feature removable dividers, allowing you to organize their contents and front tracks for displaying graphics.

Bins come in 3 sizes and are available in a variety of colors. Trays are crystal clear for maximum product visibility.

Available  
in different  
colors!
